

## **1700 Relations Between Private Industry and the Schools**

The Governing Board recognizes that private industry and the schools have a mutual interest in maximizing student achievement in order to prepare students to be productive citizens and contribute to the economic health of the community. The Board shall encourage local business involvement in efforts that support the core mission and goals of the district and promote the academic, social, and physical well-being of students.

The Board and the Superintendent or designee may develop strategies to initiate business partnerships and may communicate with business partners about district needs and priorities. The Superintendent or designee may assign district staff to coordinate community/business outreach efforts on behalf of the district and work to ensure equitable distribution of business involvement across all district schools.

Businesses and industry and/or their representatives may support district schools and programs by:

1. Volunteering in the classroom or school, providing special instructional programs or assemblies, and serving as tutors or mentors for individual students
2. Donating funds, products, instructional materials, or services that serve an educational purpose
3. Purchasing advertisements in school-sponsored publications in accordance with law and Board policy
4. Serving on advisory committees in order to provide business expertise or perspectives
5. Engaging in other activities approved by the Superintendent or designee that are designed to increase student learning or support school operations

The Board urges employers to further support the schools by recognizing their employees' needs as parents/guardians, accommodating their needs for child care, and supporting their involvement with their children's schools.
