

4021 Smoke-Free Workplace

The Governing Board believes that the maintenance of smoke-free workplaces is essential to school and district operations.

Smoking inside any District buildings or facilities is prohibited, regardless of whether: (1) the product contains tobacco or nicotine; or (2) the product is delivered through a cigarette, electronic cigarette, hookah, or other vapor-emitting device (including those that vaporize nicotine products or other substances with or without nicotine content) that mimic the use of tobacco products.

This policy shall apply to employees, parents, students, visitors and individuals conducting business with the District. Smoking, or use of any of the products or devices described in this policy, is prohibited on District grounds, property and in District vehicles. This prohibition applies to any person and any school/District-owned facility, school-sponsored activity or athletic events and any meeting on any property owned, leased, or rented by or from the District.
