

## **4033 Lactation Accommodation**

The Board of Trustees recognizes the immediate and long-term health benefits of breastfeeding and desires to provide a supportive environment for any District employee to express milk for an infant child upon returning to work following the birth of the child. The Board prohibits discrimination, harassment, and/or retaliation against any District employee for seeking accommodation to express breast milk for an infant child while at work.

An employee shall notify the employees' supervisor or other appropriate personnel in advance of their intent to request an accommodation. The supervisor shall respond to the request and shall work with the employee to make arrangements. If needed the supervisor shall address scheduling in order to ensure that the employees' essential job duties are covered during the break time.

Lactation accommodations shall be granted unless limited circumstances exist as specified in law. (Labor Code 1031, 1032; 29 USC 207)

Before a determination is made to deny lactation accommodations to an employee, the employee's supervisor shall consult with the Superintendent or designee. When lactation accommodations are denied, the Superintendent or designee shall document the options that were considered and the reasons for denying the accommodations.

The Superintendent or designee shall provide a written response to any employee who was denied the accommodation(s). (Labor Code 1034)

The District shall include this policy in its employee handbook or in any set of policies that the District makes available to employees. In addition, the Superintendent or designee shall distribute the policy to new employees upon hire and when an employee makes an inquiry about or requests parental leave. (Labor Code 1034)

To the extent possible, any break time granted for lactation accommodation shall run concurrently with the break time already provided to the employee. Any additional break time used by a non-exempt employee for this purpose shall be unpaid. (Labor Code 1030; 29 USC 218d)

The employee shall be provided a lactation space which may be used by the employee for expressing breast milk or breastfeeding as needed.

The employee shall be provided the use of a private room or location, other than a bathroom, which may be the employee's work area or another location that is in close proximity to the employee's work area. The room or location provided shall meet the following requirements: (Labor Code 1031; 29 USC 218d; 34CFR 106.57)
