

AR 5111.12 Revocation of Enrollment

Revocation of Enrollment

If the Superintendent or designee, upon investigation, determines that a student's enrollment is based on false evidence of residency, he/she shall revoke the student's enrollment. Before any such revocation, the parent/guardian shall be sent written notice. This notice shall state the parent/guardian's right, within five school days, to schedule a meeting with a district official, and/or to provide additional proof of residency.

If the parent/guardian submits proof of residency acceptable to the District official, the official shall rescind the proposed revocation of enrollment. Alternatively, the District official may postpone the revocation to permit time for further investigation.

If the parent/guardian fails within the allotted period to schedule the above meeting or to submit acceptable proof of residency, the student's enrollment shall be revoked effective the sixth school day after the date of the notice.

The Superintendent may affirm the decision of the District official or may review the documentation and decision and make an independent determination. The decision of the Superintendent is final.
