

AR 6162.31 Student Aides

1. The number of student aides in use at any district school shall at no time exceed ten percent of the student population.
2. No student shall serve as a student aide for more than one trimester during the 7th grade and 8th grade year.
3. No student shall serve as a student aide and miss a core academic subject-area class (language arts, social studies, math or science).
4. No student shall serve as a student aide and miss physical education unless the student is exempt from physical education with a doctor's excuse.
5. Students selected to serve as student aides must have a minimum 2.0 grade point average.
6. Teachers shall be limited to appointing two student aides per day. In certain classes where particular close supervision of students is advisable for safety reasons the Superintendent or designee may allow more than the designated number of student aides.
